# Course Content

The structured program includes core sections including:

- The importance of the early years for brain development as it relates to social and emotional learning and the role of parents in this.
- A six step process that facilitates good practice in co-parenting including listening, agreeing together, setting boundaries and rules, emotional self-regulation in the process of doing this, choices and consequences.

Options that can be tailored in depending on the needs of the group include:

- Partner relationship issues
- Blended families
- Trauma informed practice
- A process for resolving conflict through negotiation

Expected Outcomes

- Understanding a child's needs
- Mindful, respectful, unified and consistent parenting
- Improved relationship bonds between parents and children
- Understanding how to resolve conflict

DVD can be used to promote discussion with groups or individuals.

Topics covered in the structured sessions include:

- Changes
- Parenting
- The first years
- Relationships
- Conflict

Facilitators Guide includes:

- Background information
- Illustrations for use in small groups
- Content for 5 session structured course option
